

NATIONAL AMYLOIDOSIS DAY 2022

Patient and Family Advisory committee

Formed in January 2021

11 volunteer members, either patients or carers.

Representing all the Australian states.

Chaired by Pat Neely, AAN Director, patient and

Family Advocate

Australian
Amyloidosis
Network

PFAC Vision statement

For patients and families to be partners with their health practitioners.

For patients to be involved and engaged in all aspects of their health care.

PFAC GOALS

- To complement the AAN in promoting improved relationships between patients, families/carers and health practitioners
- To listen to and represent patient and family/carer perspectives about their healthcare experiences and make recommendations for improvement, if needed.
- To act as a conduit between the amyloidosis patients and families throughout Australia and the Australian Amyloidosis Network Board.

NATIONAL AMYLOIDOSIS DAY

MAY 8

COLLABORATION IS THE KEY
